

Your *Partner's* first name (only): Chantalle

Age and gender: 12 Female

How you selected/found your partner: She is my sibling.

Days, Time, and Place you plan to read-aloud:

She is in summer time right now and has open availability. I am not working at the moment so I have free time after I get home from school. We also live in the same household and it makes it a lot easier for us to get together.

Major interests of your *Partner*:

Listening to music one being The Beatles her all time favorite musical group. Drawing. Architecture. Building houses out of shoe boxes. Reading and writing horror stories. Watching old Hollywood black and white movies. Socializing with timid people. Science, such as the galaxy, and planets. Nature, and how things were created. Learning about different languages, and exploring new places. Trying new things and enjoying life.

Where do you plan to get the books for your read-aloud sessions?

I was browsing through your Weebly website and clicked on the Read Aloud Project tab and found a variety of stories I can use. I was excited when I saw The Monkey's Paw story because my partner is fascinated with horror stories, she writes her own horror stories on her free time.
