### **Project Read Aloud Log**

Session #4

Date: July 15, 2011

Time: 3:00 p.m.

Number of minutes you read: 30

What you read: The Monkey's Paw by W.W. Jacob

How did the session go for you both?

This session was similar to the previous sessions. We did the same process and in this session it was a bit easier for Chantalle to find the main idea. I really think practicing on the main idea helped her better understand. I am really glad that I was able to help her and that she has improved.
